MGT301 PRINCIPLES OF MARKETING

Important mcqs

Lec 1 - Overview of Course

1. What is the primary goal of this course?

- a) To promote intellectual curiosity and academic rigor
- b) To memorize theoretical frameworks
- c) To develop practical skills only

Solution: a

2. What are the key topics covered in this course?

- a) Theoretical frameworks only
- b) Practical applications only
- c) Theoretical frameworks, practical applications, and current research in the field Solution: c

3. What is the course format?

- a) Lectures only
- b) Discussions only
- c) A combination of lectures, discussions, and assignments

Solution: c

4. Is this course suitable for novice learners?

- a) No, it is designed for advanced learners only
- b) Yes, it is accessible to both novice and advanced learners
- c) It is designed for experts in the field only

Solution: b

5. Will this course cover current research in the field?

- a) No, it will only cover historical research
- b) Yes, it will cover current research in the field
- c) It will not cover any research

Solution: b

6. What skills will students develop in this course?

- a) Memorization skills only
- b) Critical thinking and problem-solving skills
- c) Writing skills only

Solution: b

7. What is the emphasis of this course?

- a) Promoting rote learning
- b) Promoting intellectual curiosity and academic rigor
- c) Promoting practical application without theoretical frameworks

Solution: b

8. Will this course cover a broad understanding of the subject?

- a) No, it will only cover narrow aspects of the subject
- b) Yes, it will provide a broad understanding of the subject
- c) It will not cover any understanding of the subject

Solution: b

9. Is this course designed for a specific audience?

- a) Yes, it is designed for experts in the field only
- b) No, it is designed for anyone interested in the subject matter
- c) It is designed for novice learners only

Solution: b

10. What is the focus of the course assignments?

- a) To promote memorization of theoretical frameworks
- b) To develop practical skills only
- c) To engage in critical thinking and problem-solving exercises Solution: c

Lec 2 - Understanding Marketing and Marketing Process

- 1. Which of the following is NOT a component of the marketing mix?
 - a) Product
 - b) Price
 - c) Promotion

- a) Convenience product
- b) Shopping product
- c) Specialty product
- d) Unsought product
- e) Wholesale product

Answer: e) Wholesale product

8. Which of the following is NOT a stage in the product life cycle?

- a) Introduction
- b) Growth
- c) Maturity
- d) Decline
- e) Renewal

Answer: e) Renewal

9. Which of the following is NOT a type of market research?

- a) Exploratory research
- b) Descriptive research
- c) Experimental research
- d) Causal research
- e) Correlational research

Answer: e) Correlational research

10. Which of the following is NOT a benefit of customer relationship management?

- a) Increased customer loyalty
- b) Increased customer retention
- c) Increased customer satisfaction
- d) Decreased customer complaints
- e) Increased price of products

Answer: e) Increased price of products

Lec 3 - Customer Relationship Management

1. What is the main goal of Customer Relationship Management?

- a) Increase customer satisfaction
- b) Increase company profitability
- c) Increase employee satisfaction
- d) All of the above

Answer: d) All of the above

2. What does CRM stand for?

- a) Customer Review Management
- b) Customer Relationship Management
- c) Customer Retention Management
- d) Customer Reward Management

Answer: b) Customer Relationship Management

3. What is the benefit of using CRM software?

- a) Improved customer data management
- b) Increased sales
- c) Enhanced customer loyalty
- d) All of the above

Answer: d) All of the above

4. Which of the following is a component of CRM?

- a) Sales automation
- b) Marketing automation
- c) Service automation
- d) All of the above

Answer: d) All of the above

5. Which type of CRM focuses on improving customer service and support?

- a) Operational CRM
- b) Analytical CRM
- c) Collaborative CRM
- d) None of the above

Answer: a) Operational CRM

6. What is the purpose of customer segmentation in CRM?

- a) To understand customer behavior and preferences
- b) To personalize interactions with customers
- c) To improve customer retention
- d) All of the above

Answer: d) All of the above

7. What is the benefit of using a customer portal in CRM?

- a) Improved customer self-service
- b) Increased customer satisfaction
- c) Reduced support costs
- d) All of the above

Answer: d) All of the above

8. What is the primary goal of customer retention in CRM?

- a) To keep existing customers happy
- b) To acquire new customers
- c) To increase revenue
- d) None of the above

Answer: a) To keep existing customers happy

9. What is the role of data analytics in CRM?

- a) To gain insights into customer behavior
- b) To improve marketing campaigns
- c) To optimize sales processes
- d) All of the above

Answer: d) All of the above

10. Which of the following is an example of a CRM metric?

- a) Customer acquisition cost
- b) Net promoter score
- c) Customer lifetime value
- d) All of the above

Answer: d) All of the above

Lec 4 - Marketing in Historical Perspective and Evolution of Marketing

1. Which of the following is true about the history of marketing?

- a) It dates back to ancient times
- b) It was first practiced in the 19th century

Answer: c) Product design

2. Which of the following is an example of a social and cultural trend?

- a) Inflation rates
- b) Technological advancements
- c) Changing consumer preferences
- d) Political instability

Answer: c) Changing consumer preferences

3. Which of the following is an example of a legal and regulatory issue?

- a) Shifts in demographic trends
- b) Changes in tax rates
- c) Technological innovations
- d) Fluctuations in exchange rates

Answer: b) Changes in tax rates

4. Which of the following is an example of a natural environment factor?

- a) Economic conditions
- b) Political stability
- c) Climate change
- d) Consumer behavior

Answer: c) Climate change

5. Which of the following refers to the degree to which people share beliefs, values, and norms?

- a) Cultural diversity
- b) Cultural assimilation
- c) Cultural homogeneity
- d) Cultural pluralism

Answer: c) Cultural homogeneity

6. Which of the following is a macroeconomic factor?

- a) Consumer income
- b) Consumer attitudes
- c) Consumer behavior
- d) Consumer preferences

Answer: a) Consumer income

7. Which of the following is an example of a technological factor?

- a) Changes in consumer attitudes
- b) Fluctuations in exchange rates
- c) Advances in manufacturing technology
- d) Demographic shifts

Answer: c) Advances in manufacturing technology

- 8. Which of the following is an example of a political and legal factor?
 - a) Social media trends
 - b) Consumer preferences
 - c) Government regulations
 - d) Economic growth rates

Answer: c) Government regulations

- 9. Which of the following is an example of a competitive factor?
 - a) Technological innovations
 - b) Economic conditions
 - c) Rival firms' marketing strategies
 - d) Demographic trends

Answer: c) Rival firms' marketing strategies

- 10. Which of the following refers to the degree to which resources and goods are used in an efficient and sustainable manner?
 - a) Corporate social responsibility
 - b) Economic growth
 - c) Environmental sustainability
 - d) Social justice

Answer: c) Environmental sustainability

Lec 10 - Marketing Macro Environment

- 1. Which of the following is an example of a social and cultural factor in the marketing macro environment?
 - a. Economic conditions
 - b. Technological advancements
 - c. Attitudes towards health and wellness
 - d. Legal regulations

Answer: c

- 2. Which of the following is an example of a natural factor in the marketing macro environment?
 - a. Climate change
 - b. Demographic trends
 - c. Consumer preferences
 - d. Economic conditions

Answer: a

- 3. Which of the following is an example of a global factor in the marketing macro environment?
 - a. Technological advancements
 - b. Social media trends
 - c. Economic conditions in different countries
 - d. Legal regulations

Answer: c

- 4. Which of the following is an example of an economic factor in the marketing macro environment?
 - a. Demographic trends
 - b. Political instability
 - c. Inflation rates
 - d. Consumer preferences

Answer: c

- 5. Which of the following is an example of a legal and regulatory factor in the marketing macro environment?
 - a. Technological advancements
 - b. Cultural differences
 - c. Product safety laws
 - d. Natural disasters

Answer: c

- 6. Which of the following is an example of a technological factor in the marketing macro environment?
 - a. Aging population
 - b. Environmental sustainability
 - c. Online shopping trends
 - d. Economic conditions

Answer: c

7. Which of the following is an example of a social and cultural factor in the marketing macro environment?

- a. Technological advancements
- b. Attitudes towards sustainability
- c. Exchange rates
- d. Legal regulations

Answer: b

- 8. Which of the following is an example of a natural factor in the marketing macro environment?
 - a. Cultural differences
 - b. Economic conditions
 - c. Natural disasters
 - d. Political instability

Answer: c

- 9. Which of the following is an example of a global factor in the marketing macro environment?
 - a. Demographic trends
 - b. Social media trends
 - c. Economic conditions
 - d. Competition from foreign companies

Answer: d

- 10. Which of the following is an example of an economic factor in the marketing macro environment?
 - a. Technological advancements
 - b. Exchange rates
 - c. Consumer preferences
 - d. Cultural differences

Answer: b

Lec 11 - Analyzing Marketing Opportunities and Developing Strategies

1. What is the first step in analyzing marketing opportunities?

- A) Conducting market research
- B) Identifying potential target markets
- C) Evaluating competitors

 - a) To collect data
 - b) To analyze data
 - c) To report findings
 - d) To ensure that the research objectives are met

Answer: d) To ensure that the research objectives are met

- 3. Which of the following is an example of secondary data?
 - a) Customer surveys
 - b) Focus groups
 - c) Sales reports
 - d) In-depth interviews

Answer: c) Sales reports

- 4. What is the most common type of research design used in marketing research?
 - a) Experimental design
 - b) Descriptive design
 - c) Observational design
 - d) Explanatory design

Answer: b) Descriptive design

- 5. Which of the following is an example of qualitative research?
 - a) Surveys
 - b) Experiments
 - c) Focus groups
 - d) Observational studies

Answer: c) Focus groups

- 6. Which of the following is an example of a primary data collection method?
 - a) Published reports
 - b) Census data
 - c) Social media analysis
 - d) Surveys

Answer: d) Surveys

7. What is the purpose of analyzing and interpreting data?

- a) To collect data
- b) To ensure the accuracy of data
- c) To identify patterns and relationships
- d) To report the findings

Answer: c) To identify patterns and relationships

8. What is the final step in the marketing research process?

- a) Defining the problem
- b) Designing the research plan
- c) Collecting data
- d) Reporting the findings

Answer: d) Reporting the findings

9. What is the primary advantage of online surveys?

- a) High response rates
- b) Low cost
- c) Personalized responses
- d) Detailed qualitative data

Answer: b) Low cost

10. Which of the following is an example of a sampling error?

- a) Bias in selecting respondents
- b) Technical errors in data collection
- c) Inaccurate data processing
- d) Inadequate sample size

Answer: d) Inadequate sample size

Lec 13 - The Marketing Research Process (Continued)

1. What is the first step in the marketing research process?

- a) Data collection
- b) Data analysis
- c) Defining the problem
- d) Reporting the findings

Answer: c) Defining the problem

2. What is the purpose of the research plan in the marketing research process?

- a) To collect data
- b) To analyze data
- c) To define the problem
- d) To design the research methodology

Answer: d) To design the research methodology

- a) Primary data and secondary data
- b) Quantitative data and qualitative data
- c) Census data and survey data
- d) Demographic data and psychographic data

Answer: a) Primary data and secondary data

4. What is the difference between primary and secondary data?

- a) Primary data is collected specifically for the research, while secondary data is already available.
- b) Primary data is numerical, while secondary data is non-numerical.
- c) Primary data is qualitative, while secondary data is quantitative.
- d) Primary data is collected from focus groups, while secondary data is collected through surveys.

Answer: a) Primary data is collected specifically for the research, while secondary data is already available.

5. What is a research design?

- a) A budget for the marketing research project
- b) A plan for collecting data
- c) A report of the findings
- d) An analysis of the data collected

Answer: b) A plan for collecting data

6. What is the purpose of data analysis in marketing research?

- a) To define the problem
- b) To design the research methodology
- c) To collect data
- d) To identify patterns and relationships in the data

Answer: d) To identify patterns and relationships in the data

7. What is a sampling error?

- a) The error in data analysis
- b) The error in data collection
- c) The error in the research design
- d) The error in the sampling method

Answer: b) The error in data collection

8. What is the purpose of a marketing research report?

- a) To define the problem
- b) To design the research methodology
- c) To collect data
- d) To present the findings and recommendations

Answer: d) To present the findings and recommendations

9. Why are ethical considerations important in marketing research?

- a) To ensure that the research is completed on time
- b) To ensure that the research is cost-effective
- c) To ensure that participants are treated with respect and that the data collected is accurate and reliable

Answer: c) To ensure that participants are treated with respect and that the data collected is accurate and reliable

10. What can businesses use the results of marketing research for?

- a) To evaluate the competition
- b) To identify target markets
- c) To develop effective marketing strategies
- d) All of the above

Answer: d) All of the above

Lec 14 - Consumer Buying Behavior

- 1. Which of the following is a personal factor that influences consumer buying behavior?
 - a) Reference groups
 - b) Social class
 - c) Occupation
 - d) Culture

Answer: c) Occupation

- 2. Which of the following is a psychological factor that influences consumer buying behavior?
 - a) Family
 - b) Social norms
 - c) Perception
 - d) Lifestyle

Answer: c) Perception

- 3. Which of the following is a social factor that influences consumer buying behavior?
 - a) Attitudes
 - b) Personality
 - c) Reference groups
 - d) Motivation

Answer: c) Reference groups

- 4. What type of consumer buying behavior occurs when a consumer is highly involved in the purchase decision?
 - a) Routine response behavior
 - b) Limited decision making
 - c) Extensive decision making
 - d) Impulse buying

Answer: c) Extensive decision making

- 5. Which of the following is an example of a situational factor that influences consumer buying behavior?
 - a) Social class
 - b) Personality
 - c) Time pressure
 - d) Attitudes

Answer: c) Time pressure

- 6. Which of the following stages of the consumer buying process involves evaluating the alternatives and making a purchase decision?
 - a) Problem recognition
 - b) Information search
 - c) Evaluation of alternatives

d) Post-purchase evaluation

Answer: c) Evaluation of alternatives

- 7. Which of the following consumer buying behaviors is characterized by low involvement and little effort to make a purchase decision?
 - a) Routinized response behavior
 - b) Impulse buying
 - c) Limited decision making
 - d) Extensive decision making

Answer: a) Routinized response behavior

- 8. Which of the following is an example of a cultural factor that influences consumer buying behavior?
 - a) Income level
 - b) Social norms
 - c) Age
 - d) Personality

Answer: b) Social norms

- 9. Which of the following consumer buying behaviors is characterized by regret or dissatisfaction after making a purchase?
 - a) Routine response behavior
 - b) Impulse buying
 - c) Limited decision making
 - d) Post-purchase dissonance

Answer: d) Post-purchase dissonance

- 10. Which of the following is an example of a personal factor that influences consumer buying behavior?
 - a) Family
 - b) Culture
 - c) Social class
 - d) Income

Answer: d) Income

Lec 15 - Consumer Buying Behavior (Continued)

- 1. Which of the following is an example of a personal factor that can influence consumer buying behavior?
 - a) Reference groups
 - b) Culture
 - c) Social class
 - d) Age

Answer: d) Age

- 2. Which psychological factor can influence consumer buying behavior by affecting an individual's perception of a product's quality or effectiveness?
 - a) Motivation
 - b) Perception
 - c) Learning
 - d) Attitudes

Answer: b) Perception

- 3. Which social factor can influence consumer buying behavior through social norms and opinions?
 - a) Age
 - b) Income
 - c) Social class
 - d) Reference groups

Answer: d) Reference groups

- 4. Which cultural factor can influence consumer buying behavior by promoting certain beliefs and values?
 - a) Religion
 - b) Social class
 - c) Family
 - d) Education

Answer: a) Religion

- 5. Which situational factor can influence consumer buying behavior by creating a sense of urgency or scarcity?
 - a) Physical surroundings
 - b) Time pressure
 - c) Mood
 - d) Perception

Answer: b) Time pressure

- 6. Which stage of the decision-making process involves recognizing a need or problem that requires a purchase?
 - a) Information search

- b) Evaluation of alternatives
- c) Purchase decision
- d) Problem recognition

Answer: d) Problem recognition

- 7. Which stage of the decision-making process involves gathering information about products or services that could potentially meet the consumer's needs?
 - a) Information search
 - b) Evaluation of alternatives
 - c) Purchase decision
 - d) Post-purchase evaluation

Answer: a) Information search

- 8. Which stage of the decision-making process involves weighing the pros and cons of each available option?
 - a) Information search
 - b) Evaluation of alternatives
 - c) Purchase decision
 - d) Post-purchase evaluation

Answer: b) Evaluation of alternatives

- 9. Which stage of the decision-making process involves making the actual purchase?
 - a) Information search
 - b) Evaluation of alternatives
 - c) Purchase decision
 - d) Post-purchase evaluation

Answer: c) Purchase decision

- 10. Which stage of the decision-making process involves reflecting on the purchase and evaluating whether it met the consumer's expectations?
 - a) Information search
 - b) Evaluation of alternatives
 - c) Purchase decision
 - d) Post-purchase evaluation

Answer: d) Post-purchase evaluation

Lec 16 - Business Markets and Buying Behavior

1. What is a business market?

- A. A market that only sells to consumers
- B. A market that only sells to businesses
- C. A market that sells to both consumers and businesses

Answer: B

2. What is the primary purpose of a business market?

- A. To produce and sell goods and services
- B. To purchase goods and services for personal use
- C. To purchase goods and services for use in production or resale

Answer: C

3. What is the difference between a business market and a consumer market?

- A. The types of products sold
- B. The types of customers served
- C. The marketing strategies used

Answer: B

4. Which of the following is a characteristic of a business market?

- A. Smaller purchase quantities
- B. Shorter decision-making processes
- C. More complex decision-making processes

Answer: C

5. What is the role of buying centers in business markets?

- A. To sell products to customers
- B. To make purchasing decisions on behalf of the organization
- C. To market products to potential customers

Answer: B

6. Which of the following is a type of organizational buying situation?

- A. Routine purchase
- B. Impulse purchase
- C. Emotional purchase

Answer: A

7. Which of the following is an example of a derived demand in a business market?

- A. A company purchasing office supplies for its employees
- B. A company purchasing a new computer for a manager
- C. A company purchasing raw materials to make its own products

Answer: C

8. What is the role of a buying center's gatekeeper?

- A. To make the final purchasing decision
- B. To control the flow of information to the buying center
- C. To negotiate with suppliers on behalf of the buying center

Answer: B

9. Which of the following is a factor that can influence organizational buying behavior?

A. The buyer's income level

- B. The buyer's age and gender
- C. The organization's culture and structure

Answer: C

10. What is the significance of supplier selection in business markets?

- A. It determines the types of products that will be purchased
- B. It determines the suppliers that will be used for future purchases
- C. It can have a significant impact on the organization's success and profitability

Answer: C

Lec 17 - Market Segmentation

1. What is market segmentation?

- a) The process of creating a new product
- b) The process of dividing a larger market into smaller groups of consumers with similar needs or characteristics
- c) The process of pricing a product

Answer: b

2. What is the primary goal of market segmentation?

- a) To create a new product
- b) To increase brand awareness
- c) To better understand the needs and wants of different consumer groups

Answer: c

3. Which of the following is NOT a criteria for effective market segmentation?

- a) Measurability
- b) Sustainability
- c) Accessibility
- d) Substantiality

Answer: b

4. Which type of segmentation is based on geographic location?

- a) Psychographic segmentation
- b) Behavioral segmentation
- c) Demographic segmentation
- d) Geographic segmentation

Answer: d

5. Which type of segmentation is based on personality, values, and lifestyle?

- a) Psychographic segmentation
- b) Behavioral segmentation
- c) Demographic segmentation
- d) Geographic segmentation

Answer: a

6. Which type of segmentation is based on usage rate, benefits sought, and brand loyalty?

- a) Psychographic segmentation
- b) Behavioral segmentation
- c) Demographic segmentation
- d) Geographic segmentation

Answer: b

7. Which type of segmentation is based on age, gender, income, and education?

- a) Psychographic segmentation
- b) Behavioral segmentation
- c) Demographic segmentation
- d) Geographic segmentation

Answer: c

8. Which of the following is a benefit of effective market segmentation?

a) Increased customer loyalty

- b) Reduced production costs
- c) Increased market share
- d) All of the above

Answer: d

9. Which of the following is an example of psychographic segmentation?

- a) Dividing a market by age group
- b) Dividing a market by usage rate
- c) Dividing a market by personality and lifestyle
- d) Dividing a market by geographic location

Answer: c

10. Which of the following is a disadvantage of market segmentation?

- a) Increased competition
- b) Reduced customer satisfaction
- c) Higher marketing costs
- d) None of the above

Answer: c

Lec 18 - Market Segmentation (Continued)

1. What is market segmentation?

- a) The process of dividing a larger market into smaller groups of consumers
- b) The process of expanding a smaller market into larger groups of consumers
- c) The process of merging different markets into one
- d) The process of targeting all consumers with the same marketing message

Answer: a) The process of dividing a larger market into smaller groups of consumers

2. What are the different types of market segmentation?

- a) Demographic, geographic, psychographic, and behavioral
- b) Demographic, geographic, social, and economic
- c) Demographic, geographic, cultural, and political
- d) Demographic, geographic, technological, and ecological

Answer: a) Demographic, geographic, psychographic, and behavioral

3. What is demographic segmentation?

- a) Dividing the market based on geographic location
- b) Dividing the market based on personality traits and values
- c) Dividing the market based on age, gender, income, and occupation
- d) Dividing the market based on usage rate and benefits sought

Answer: c) Dividing the market based on age, gender, income, and occupation

4. What is psychographic segmentation?

- a) Dividing the market based on geographic location
- b) Dividing the market based on personality traits and values
- c) Dividing the market based on age, gender, income, and occupation
- d) Dividing the market based on usage rate and benefits sought

Answer: b) Dividing the market based on personality traits and values

5. What is behavioral segmentation?

- a) Dividing the market based on geographic location
- b) Dividing the market based on personality traits and values
- c) Dividing the market based on age, gender, income, and occupation
- d) Dividing the market based on usage rate and benefits sought

Answer: d) Dividing the market based on usage rate and benefits sought

6. What are the benefits of market segmentation?

- a) Increased customer satisfaction and engagement
- b) Reduced marketing costs
- c) Improved ROI
- d) All of the above

Answer: d) All of the above

7. What are the criteria for effective market segmentation?

- a) Measurability, substantiality, accessibility, and responsiveness
- b) Age, gender, income, and occupation
- c) Personality traits, values, and lifestyle
- d) Geographic location, region, or country

Answer: a) Measurability, substantiality, accessibility, and responsiveness

8. What is niche marketing?

- a) A marketing strategy that targets a specific, small group of consumers with specialized needs or interests
- b) A marketing strategy that targets all consumers with the same message
- c) A marketing strategy that targets a broad-based audience

Answer: a) A marketing strategy that targets a specific, small group of consumers with specialized needs or interests

9. What are the advantages of niche marketing?

- a) Reduced competition
- b) Increased customer loyalty
- c) Ability to charge premium prices
- d) All of the above

Answer: d) All of the above

10. How can businesses identify market segments?

- a) Conduct market research
- b) Analyze consumer behavior and demographic trends
- c) Use data analysis tools
- d) All of the above

Answer: d) All of the above

Lec 19 - Marketing Mix

- 1. Which of the following is not a part of the marketing mix?
 - a) Product
 - b) Price
 - c) Profit
 - d) Place

Answer: c) Profit

- 2. Which element of the marketing mix refers to the tangible goods or intangible services offered by a business?
 - a) Product
 - b) Price
 - c) Promotion
 - d) Place

Answer: a) Product

- 3. Which element of the marketing mix involves determining the value of a product or service to the customer?
 - a) Product
 - b) Price
 - c) Promotion
 - d) Place

Answer: b) Price

- 4. Which element of the marketing mix involves selecting the channels used to distribute a product or service to the customer?
 - a) Product
 - b) Price
 - c) Promotion
 - d) Place

Answer: d) Place

- 5. Which element of the marketing mix involves communicating with customers to promote a product or service?
 - a) Product
 - b) Price
 - c) Promotion
 - d) Place

Answer: c) Promotion

- 6. Which pricing strategy involves setting a low price to gain market share?
 - a) Skimming pricing
 - b) Penetration pricing
 - c) Premium pricing

d) Cost-plus pricing

Answer: b) Penetration pricing

- 7. Which promotion strategy involves using social media influencers to promote a product or service?
 - a) Advertising
 - b) Sales promotion
 - c) Public relations
 - d) Influencer marketing

Answer: d) Influencer marketing

- 8. Which distribution strategy involves using intermediaries to distribute a product or service to the customer?
 - a) Direct distribution
 - b) Indirect distribution
 - c) Online distribution
 - d) Offline distribution

Answer: b) Indirect distribution

- 9. Which product strategy involves adding new features or improving the quality of an existing product or service?
 - a) Product line extension
 - b) Product differentiation
 - c) Product innovation
 - d) Product repositioning

Answer: c) Product innovation

- 10. Which element of the marketing mix involves selecting the right location and store design to attract customers?
 - a) Product
 - b) Price
 - c) Promotion
 - d) Place

Answer: d) Place

Lec 20 - Product

1. Which of the following is NOT a factor to consider in product design?

- a) Functionality
- b) Aesthetics
- c) Price
- d) Durability

Answer: c) Price

2. Which of the following is an example of a durable product?

- a) A disposable razor
- b) A car
- c) A bottle of shampoo
- d) A pack of gum

Answer: b) A car

3. What is the purpose of branding in product marketing?

- a) To increase the price of the product
- b) To differentiate the product from competitors
- c) To reduce production costs
- d) To eliminate the need for advertising

Answer: b) To differentiate the product from competitors

4. Which of the following is NOT an example of a product feature?

- a) Color options
- b) Warranty length
- c) Product packaging
- d) Battery life

Answer: c) Product packaging

5. Which of the following is a type of product classification?

- a) Quality
- b) Size
- c) Brand
- d) All of the above

Answer: d) All of the above

6. What is the product life cycle?

- a) The time it takes to design and manufacture a product
- b) The stages a product goes through from introduction to decline
- c) The process of promoting a product to customers
- d) The measurement of customer satisfaction with a product

Answer: b) The stages a product goes through from introduction to decline

7. What is the purpose of a product mix?

- a) To reduce the cost of production
- b) To increase the size of the product line
- c) To eliminate competitors' products
- d) To increase customer loyalty

Answer: b) To increase the size of the product line

8. What is the difference between a product line and a product mix?

- a) A product line refers to a group of similar products, while a product mix refers to the total range of products offered by a business
- b) A product mix refers to a group of similar products, while a product line refers to the total range of products offered by a business
- c) There is no difference between the two terms
- d) Both terms refer to the same thing

Answer: a) A product line refers to a group of similar products, while a product mix refers to the total range of products offered by a business

9. What is a brand extension?

- a) The process of creating a new brand for a product

Answer: b) The process of using an existing brand name for a new product in a different category

10. What is a benefit of product innovation?

- a) Increased production costs
- b) Reduced customer satisfaction
- c) Competitive advantage
- d) Decreased sales

Answer: c) Competitive advantage

Lec 21 - New Product Development Process

- 1. What is the first step in the new product development process?
 - a) Idea screening
 - b) Concept development
 - c) Idea generation
 - d) Commercialization

Answer: c) Idea generation

- 2. What is the purpose of idea screening in the new product development process?
 - a) To generate new product ideas
 - b) To evaluate and prioritize potential ideas
 - c) To develop concepts for new products
 - d) To launch the product in the market

Answer: b) To evaluate and prioritize potential ideas

- 3. Which stage of the new product development process involves creating a detailed description of the product?
 - a) Idea generation
 - b) Idea screening
 - c) Concept development
 - d) Testing

Answer: c) Concept development

- 4. What is the main goal of product testing in the new product development process?
 - a) To evaluate the profitability of the product
 - b) To gather feedback from potential customers
 - c) To determine the product's features and benefits
 - d) To create marketing materials for the product

Answer: b) To gather feedback from potential customers

- 5. Which stage of the new product development process involves preparing the product for its launch?
 - a) Concept development
 - b) Testing
 - c) Commercialization
 - d) Idea screening

Answer: c) Commercialization

- 6. Which of the following is NOT a stage of the new product development process?
 - a) Market research
 - b) Idea generation
 - c) Advertising
 - d) Commercialization

Answer: c) Advertising

- 7. What is the purpose of market research in the new product development process?
 - a) To create a prototype of the product
 - b) To identify potential customers and their needs
 - c) To finalize the product's design
 - d) To create a pricing strategy for the product

Answer: b) To identify potential customers and their needs

- 8. Which stage of the new product development process involves creating a physical or virtual model of the product?
 - a) Idea generation
 - b) Concept development
 - c) Testing
 - d) Commercialization

Answer: b) Concept development

- 9. What is the goal of idea generation in the new product development process?
 - a) To develop a detailed description of the product
 - b) To generate a large number of potential ideas
 - c) To evaluate and prioritize potential ideas
 - d) To launch the product in the market

Answer: b) To generate a large number of potential ideas

- 10. Which stage of the new product development process involves determining the product's features and benefits?
 - a) Idea screening
 - b) Concept development
 - c) Testing
 - d) Commercialization

Answer: b) Concept development

Lec 22 - Product Life- Cycle Stages and Strategies

- 1. Which of the following is NOT a stage in the product life cycle?
 - a) Pre-launch
 - b) Introduction
 - c) Growth
 - d) Maturity
 - e) Decline

Answer: a) Pre-launch

- 2. During which stage of the product life cycle is demand typically low?
 - a) Introduction
 - b) Growth
 - c) Maturity
 - d) Decline

Answer: a) Introduction

- 3. Which of the following is a characteristic of the maturity stage of the product life cycle?
 - a) High profits
 - b) Low competition
 - c) Low sales growth
 - d) High marketing expenditures

Answer: c) Low sales growth

- 4. What is the primary objective during the growth stage of the product life cycle?
 - a) Maximize profits
 - b) Build brand loyalty
 - c) Increase market share
 - d) Reduce costs

Answer: c) Increase market share

- 5. What is the primary focus during the decline stage of the product life cycle?
 - a) Maintain market share
 - b) Maximize profits
 - c) Build brand loyalty
 - d) Increase marketing expenditures

Answer: b) Maximize profits

- 6. Which of the following is an example of a product in the decline stage of the product life cycle?
 - a) Smartphones
 - b) Vinyl records
 - c) Electric cars
 - d) Organic food

Answer: b) Vinyl records

- 7. During which stage of the product life cycle is the product typically priced highest?
 - a) Introduction
 - b) Growth
 - c) Maturity
 - d) Decline

Answer: a) Introduction

- 8. What is the primary objective during the introduction stage of the product life cycle?
 - a) Maximize profits
 - b) Build brand loyalty
 - c) Increase market share
 - d) Create awareness

Answer: d) Create awareness

- 9. Which of the following is a strategy used during the maturity stage of the product life cycle?
 - a) Aggressive advertising
 - b) Price reductions
 - c) Product differentiation
 - d) Limited distribution

Answer: b) Price reductions

- 10. Which of the following is an example of a product in the growth stage of the product life cycle?
 - a) VCRs
 - b) Typewriters
 - c) Smartwatches
 - d) Cassette tapes

Answer: c) Smartwatches

Lec 23 - Key Terms-Product: the 1 st P of Marketing Mix

1. What is the first P in the marketing mix?

- A) Product
- B) Price
- C) Promotion
- D) Place

Answer: A) Product

2. What does a product refer to in the marketing mix?

- A) Physical or intangible items offered to customers
- B) Pricing strategies
- C) Promotional activities
- D) Distribution channels

Answer: A) Physical or intangible items offered to customers

- a) To transport products from the manufacturer to the retailer
- b) To store products for later use
- c) To package products for shipping
- d) To promote products to potential customers

Answer: a) To transport products from the manufacturer to the retailer

10. Which of the following is not a component of the physical distribution system?

- a) Transportation
- b) Warehousing
- c) Promotion
- d) Inventory management

Answer: c) Promotion

Lec 29 - Logistic Management

- 1. Which of the following is NOT a primary objective of logistic management?
 - a) Reducing lead time
 - b) Increasing inventory levels
 - c) Improving customer service
 - d) Minimizing transportation costs

Answer: b) Increasing inventory levels

- 2. Which of the following is an example of inbound logistics?
 - a) Delivering finished goods to customers
 - b) Managing inventory levels in a warehouse
 - c) Receiving raw materials from suppliers
 - d) Processing customer orders

Answer: c) Receiving raw materials from suppliers

- 3. Which of the following is a disadvantage of using a centralized warehouse system?
 - a) Reduced transportation costs
 - b) Faster delivery times
 - c) Increased risk of stockouts
 - d) Improved order processing times

Answer: c) Increased risk of stockouts

- 4. Which of the following is NOT a key component of logistics information systems?
 - a) Transportation management systems
 - b) Warehouse management systems
 - c) Enterprise resource planning systems
 - d) Marketing automation systems

Answer: d) Marketing automation systems

- 5. Which of the following is a benefit of using a just-in-time (JIT) inventory system?
 - a) Reduced storage costs
 - b) Increased production flexibility
 - c) Improved supplier relationships
 - d) Increased inventory levels

Answer: a) Reduced storage costs

- 6. Which of the following is a key performance indicator (KPI) for logistics management?
 - a) Gross profit margin
 - b) Employee satisfaction
 - c) Order processing time
 - d) Advertising spend

Answer: c) Order processing time

7. Which of the following is an example of reverse logistics?

- a) Delivering goods from a warehouse to a retail store
- b) Transporting goods from a factory to a warehouse
- c) Returning defective products to a supplier
- d) Shipping finished goods to customers

Answer: c) Returning defective products to a supplier

8. Which of the following is an example of intermodal transportation?

- a) Trucking goods from a warehouse to a retail store
- b) Shipping goods by sea from one port to another
- c) Transporting goods by rail from a factory to a warehouse
- d) Flying goods by air from one country to another

Answer: c) Transporting goods by rail from a factory to a warehouse

9. Which of the following is a challenge in international logistics?

- a) Different legal regulations
- b) Standardized packaging requirements
- c) Similar cultural norms
- d) Common language barriers

Answer: a) Different legal regulations

10. Which of the following is a key trend in modern logistics management?

- a) Increased use of paper-based documentation
- b) Reduced focus on sustainability
