**Answer: d) To show the changes in equity of a company**

9. **Which financial statement is most useful for analyzing a company's cash flow?**

- a) Income statement
- b) Balance sheet
- c) Statement of cash flows
- d) Statement of changes in equity

**Answer: c) Statement of cash flows**

10. **Which financial statement is most useful for analyzing a company's profitability?**

- a) Income statement
- b) Balance sheet
- c) Statement of cash flows
- d) Statement of changes in equity

**Answer: a) Income statement**

## Lec 33 - Financial Statements of Manufacturing Concern

1. **What is the purpose of the income statement in a manufacturing concern?**
- To show the financial position of the business
  - To measure the liquidity of the business
  - To monitor the profitability of the business
  - To report the cost of goods manufactured and sold

**Answer: c. To monitor the profitability of the business**

2. **Which of the following is not an asset of a manufacturing concern?**
- Raw materials
  - Work-in-progress
  - Finished goods
  - Accounts payable

**Answer: d. Accounts payable**

3. **What is the purpose of the balance sheet in a manufacturing concern?**
- To show the financial position of the business
  - To measure the liquidity of the business
  - To monitor the profitability of the business
  - To report the cost of goods manufactured and sold

**Answer: a. To show the financial position of the business**

4. **Which financial statement shows the cost of goods manufactured and sold?**
- Income statement
  - Balance sheet
  - Statement of cash flows
  - Statement of cost of goods manufactured and sold

**Answer: d. Statement of cost of goods manufactured and sold**

5. **What is the purpose of the statement of cash flows in a manufacturing concern?**
- To show the financial position of the business
  - To measure the liquidity of the business
  - To monitor the profitability of the business
  - To monitor the cash flow of the business

**Answer: d. To monitor the cash flow of the business**

6. **Which of the following is not a liability of a manufacturing concern?**
- Accounts payable
  - Loans payable
  - Work-in-progress
  - Accrued expenses

**Answer: c. Work-in-progress**

7. **What is the purpose of the statement of cost of goods manufactured and sold?**
- a. To show the financial position of the business
  - b. To measure the liquidity of the business
  - c. To monitor the profitability of the business
  - d. To report the cost of goods sold during the period

**Answer: d. To report the cost of goods sold during the period**

8. **Which financial statement shows the cash inflows and outflows of a manufacturing concern?**
- a. Income statement
  - b. Balance sheet
  - c. Statement of cash flows
  - d. Statement of cost of goods manufactured and sold

**Answer: c. Statement of cash flows**

9. **Which of the following is an example of a manufacturing concern asset?**
- a. Accounts receivable
  - b. Inventory of finished goods
  - c. Prepaid expenses
  - d. Common stock

**Answer: b. Inventory of finished goods**

10. **What is the purpose of financial statements in a manufacturing concern?**
- a. To satisfy the reporting requirements of external stakeholders
  - b. To monitor the profitability, financial position, and cash flow of the business
  - c. To make informed business decisions
  - d. All of the above

**Answer: d. All of the above**

## Lec 34 - Financial Statements of Partnership

- 1. Which financial statement shows the revenue, expenses, and net income of a partnership?**

  - a) Income statement
  - b) Balance sheet
  - c) Statement of partners' equity
  - d) Statement of cash flows

**Answer: a) Income statement**
- 2. Which financial statement shows the assets, liabilities, and equity of a partnership at a specific point in time?**

  - a) Income statement
  - b) Balance sheet
  - c) Statement of partners' equity
  - d) Statement of cash flows

**Answer: b) Balance sheet**
- 3. Which financial statement shows the changes in each partner's capital account over a specific period?**

  - a) Income statement
  - b) Balance sheet
  - c) Statement of partners' equity
  - d) Statement of cash flows

**Answer: c) Statement of partners' equity**
- 4. What is the primary purpose of financial statements in a partnership?**

  - a) To provide information about the partners' salaries
  - b) To provide information about the partnership's legal structure
  - c) To provide information about the partnership's financial position and performance
  - d) To provide information about the partnership's marketing strategies

**Answer: c) To provide information about the partnership's financial position and performance**
- 5. Which of the following items would be included in the income statement of a partnership?**

  - a) Partners' capital contributions
  - b) Interest income
  - c) Accounts payable
  - d) Equipment purchased

**Answer: b) Interest income**
- 6. Which financial statement would show the balance of each partner's capital account at the end of the period?**

  - a) Income statement
  - b) Balance sheet
  - c) Statement of partners' equity
  - d) Statement of cash flows

**Answer: c) Statement of partners' equity**
- 7. Which financial statement would show the cash inflows and outflows of the partnership during the period?**

- a) Income statement
- b) Balance sheet
- c) Statement of partners' equity
- d) Statement of cash flows

**Answer: d) Statement of cash flows**

8. **Which of the following items would be included in the balance sheet of a partnership?**

- a) Interest expense
- b) Accounts receivable
- c) Sales revenue
- d) Salaries paid to partners

**Answer: b) Accounts receivable**

9. **Which financial statement would show the amount of revenue generated by the partnership during the period?**

- a) Income statement
- b) Balance sheet
- c) Statement of partners' equity
- d) Statement of cash flows

**Answer: a) Income statement**

10. **Which financial statement would show the amount of net income allocated to each partner at the end of the period?**

- a) Income statement
- b) Balance sheet
- c) Statement of partners' equity
- d) Statement of cash flows

**Answer: c) Statement of partners' equity**

## Lec 35 - Mark Up on Capital and Drawings

1. **What is mark up on capital in a partnership?**
- A) Interest charged on the partnership's capital investments
  - B) Interest charged on a partner's capital contribution
  - C) A fee charged for managing the partnership's capital
  - D) A fee charged for withdrawing capital from the partnership

**Answer: B) Interest charged on a partner's capital contribution**

2. **What is mark up on drawings in a partnership?**
- A) Interest charged on a partner's capital contribution
  - B) A fee charged for managing the partnership's capital
  - C) A fee charged for withdrawing capital from the partnership
  - D) Interest charged on a partner's personal drawings

**Answer: D) Interest charged on a partner's personal drawings**

3. **How is mark up on capital calculated in a partnership?**
- A) A fixed percentage of the partnership's total assets
  - B) A percentage of the partner's capital contribution
  - C) A percentage of the partner's personal drawings
  - D) A fixed percentage of the partnership's net income

**Answer: B) A percentage of the partner's capital contribution**

4. **How is mark up on drawings calculated in a partnership?**
- A) A fixed percentage of the partnership's total assets
  - B) A percentage of the partner's capital contribution
  - C) A percentage of the partner's personal drawings
  - D) A fixed percentage of the partnership's net income

**Answer: C) A percentage of the partner's personal drawings**

5. **Who is responsible for setting the mark up on capital and drawings in a partnership?**
- A) The partnership's accountant
  - B) The partnership agreement
  - C) The government regulatory agency
  - D) The partnership's investors

**Answer: B) The partnership agreement**

6. **What is the purpose of mark up on capital and drawings in a partnership?**
- A) To generate additional revenue for the partnership

- a) Building
- b) Inventory
- c) Patent
- d) Trademark

**Answer: b) Inventory**

7. Which of the following is a component of the statement of cash flows?

- a) Net income
- b) Retained earnings
- c) Depreciation expense
- d) Beginning balance of accounts payable

**Answer: c) Depreciation expense**

8. **Which of the following is a long-term liability?**

- a) Accounts payable
- b) Notes payable due within one year
- c) Salaries payable
- d) Bonds payable

**Answer: d) Bonds payable**

9. **Which financial statement reports the changes in a company's cash balance during a specific period?**

- a) Balance sheet
- b) Income statement
- c) Statement of cash flows
- d) Statement of changes in equity

**Answer: c) Statement of cash flows**

10. **What is the formula for calculating net income?**

- a) Total assets minus total liabilities
- b) Total revenues minus total expenses
- c) Beginning balance plus ending balance divided by 2
- d) Total cash inflows minus total cash outflows

**Answer: b) Total revenues minus total expenses**

## Lec 38 - Financial Statements of Limited Companies

1. **What is the primary financial statement that reports a company's financial position at a specific point in time?**
  - a) Income statement
  - b) Statement of cash flows
  - c) Balance sheet
  - d) Statement of changes in equity**Answer: c) Balance sheet**
  
2. **Which financial statement reports a company's revenues, expenses, and net income or loss for a specific period?**
  - a) Balance sheet
  - b) Income statement
  - c) Statement of cash flows
  - d) Statement of changes in equity**Answer: b) Income statement**
  
3. **What is the purpose of the statement of cash flows?**
  - a) Report a company's financial position at a specific point in time
  - b) Report a company's revenues, expenses, and net income or loss for a specific period
  - c) Report a company's cash inflows and outflows during a specific period
  - d) Report the changes in a company's equity over a period of time**Answer: c) Report a company's cash inflows and outflows during a specific period**
  
4. **What is the primary financial statement that reports the changes in a company's equity over a period of time?**
  - a) Income statement
  - b) Statement of cash flows
  - c) Balance sheet
  - d) Statement of changes in equity**Answer: d) Statement of changes in equity**
  
5. **Which financial statement includes information about a company's current assets and liabilities?**
  - a) Income statement
  - b) Statement of cash flows
  - c) Balance sheet
  - d) Statement of changes in equity**Answer: c) Balance sheet**
  
6. **What is the primary financial statement used to evaluate a company's liquidity?**
  - a) Income statement
  - b) Statement of cash flows
  - c) Balance sheet
  - d) Statement of changes in equity**Answer: b) Statement of cash flows**
  
7. **Which financial statement includes information about a company's revenues, cost of goods sold, and gross profit?**
  - a) Income statement
  - b) Statement of cash flows

- c) Balance sheet
- d) Statement of changes in equity

**Answer: a) Income statement**

8. **Which financial statement includes information about a company's long-term assets and liabilities?**

- a) Income statement
- b) Statement of cash flows
- c) Balance sheet
- d) Statement of changes in equity

**Answer: c) Balance sheet**

9. **What is the purpose of the notes to the financial statements?**

- a) To provide additional details about the company's financial statements
- b) To provide a summary of the company's financial performance

**Solution: b) Assets represent what the company owns, while liabilities represent the company's obligations**

## Lec 41 - Cash Flow Statement

1. **What does the cash flow statement show?**

- a) Revenue and expenses
- b) Assets and liabilities
- c) Cash inflows and outflows
- d) Equity changes

**Answer: c) Cash inflows and outflows**

2. **Which of the following is an example of cash inflow from operating activities?**

- a) Payment for the purchase of a new building
- b) Sale of goods to customers on credit
- c) Payment of dividends to shareholders
- d) Payment of interest on a loan

**Answer: b) Sale of goods to customers on credit**

3. **Which section of the cash flow statement shows the cash inflows and outflows from investing activities?**

- a) Operating activities
- b) Financing activities
- c) Investing activities
- d) Changes in cash and cash equivalents

**Answer: c) Investing activities**

4. **Which of the following is an example of cash outflow from financing activities?**

- a) Sale of a long-term investment
- b) Payment of interest on a loan
- c) Payment of dividends to shareholders
- d) Payment for the purchase of a new building

**Answer: c) Payment of dividends to shareholders**

5. **What is the purpose of the cash flow statement?**

- a) To show the company's net income or loss
- b) To show the company's financial position
- c) To show the company's cash inflows and outflows
- d) To show the company's revenue and expenses

**Answer: c) To show the company's cash inflows and outflows**

6. **What is the formula for calculating cash flow from operating activities?**

- a) Cash inflows - cash outflows
- b) Net income + depreciation
- c) Cash received from customers - cash paid to suppliers
- d) Cash received from investments - cash paid for investments

**Answer: c) Cash received from customers - cash paid to suppliers**

7. **Which of the following is an example of a non-cash transaction that is added back to net income to calculate cash flow from operating activities?**
- a) Payment of dividends to shareholders
  - b) Sale of a long-term investment
  - c) Depreciation expense
  - d) Payment for the purchase of a new building

**Answer: c) Depreciation expense**

8. **What does a negative cash flow from operating activities indicate?**
- a) The company is generating a lot of cash from its operating activities
  - b) The company is not generating enough cash from its operating activities
  - c) The company is investing heavily in its operations
  - d) The company is paying off a lot of debt

**Answer: b) The company is not generating enough cash from its operating activities**

9. **Which financial statement is the cash flow statement a part of?**
- a) Balance sheet
  - b) Income statement
  - c) Statement of changes in equity
  - d) None of the above

**Answer: d) None of the above**

10. **What is the difference between cash flow and net income?**
- a) Cash flow includes all cash inflows and outflows, while net income only includes revenue and expenses
  - b) Cash flow is a measure of liquidity, while net income is a measure of profitability

9. **The financing activities section of the cash flow statement shows the cash inflows and outflows from:**
- a) Issuance or repayment of debt
  - b) Issuance or repurchase of equity
  - c) Payment of dividends
  - d) All of the above

**Answer: d) All of the above**

10. **Which method of preparing the cash flow statement is more commonly used by companies?**
- a) Direct method
  - b) Indirect method
  - c) Both methods are used equally
  - d) None of the above

**Answer: b) Indirect method**

## Lec 43 - Financial Statements of Listed/Quoted Companies

1. **Which financial statements are required to be submitted by listed/quoted companies?**

- A) Income statement
- B) Balance sheet
- C) Cash flow statement
- D) All of the above

**Answer: D) All of the above**

2. **What regulatory bodies set guidelines for financial statements of listed/quoted companies?**

- A) Securities and Exchange Commission (SEC)
- B) Financial Reporting Council (FRC)
- C) Both A and B
- D) None of the above

**Answer: C) Both A and B**

3. **Which financial statement shows a company's revenues and expenses?**

- A) Income statement
- B) Balance sheet
- C) Cash flow statement
- D) None of the above

**Answer: A) Income statement**

4. **Which financial statement shows a company's assets and liabilities?**

- A) Income statement
- B) Balance sheet
- C) Cash flow statement
- D) None of the above

**Answer: B) Balance sheet**

5. **Which financial statement shows a company's cash inflows and outflows?**

- A) Income statement
- B) Balance sheet
- C) Cash flow statement
- D) None of the above

**Answer: C) Cash flow statement**

6. **Which regulatory body sets guidelines for financial statements of US-listed companies?**

- A) Securities and Exchange Commission (SEC)
- B) Financial Reporting Council (FRC)
- C) Both A and B
- D) None of the above

**Answer: A) Securities and Exchange Commission (SEC)**

7. **Which regulatory body sets guidelines for financial statements of UK-listed companies?**

- A) Securities and Exchange Commission (SEC)
- B) Financial Reporting Council (FRC)
- C) Both A and B
- D) None of the above

**Answer: B) Financial Reporting Council (FRC)**
