## 3 Lecture - ENG101

## **Important Subjective**

1. What is the main purpose of identifying the main idea of a text?

**Answer:** The main purpose of identifying the main idea of a text is to understand the central message or thesis of the text.

2. What is the topic sentence?

**Answer:** The topic sentence is usually found at the beginning of a paragraph and it introduces the main idea of that paragraph.

3. How can repeated ideas help in identifying the main idea?

**Answer:** Repeated ideas can help in identifying the main idea by highlighting the most important message or theme of the text.

4. How does identifying the tone of a text help in identifying the main idea?

**Answer:** Identifying the tone of a text helps in identifying the main idea by providing insight into the author's attitude toward the subject matter.

5. Where is the main idea usually found in an argumentative essay?

**Answer:** The main idea is usually found in the thesis statement, which is typically located in the introduction of an argumentative essay.

6. Why is it important to read critically after identifying the main idea?

**Answer:** It is important to read critically after identifying the main idea to question the author's arguments and evidence and consider the context and any biases.

7. What is the purpose of previewing a text before reading?

**Answer:** The purpose of previewing a text before reading is to get a sense of what the text is about and what to expect.

8. How can active reading help in understanding the main idea of a text?

**Answer:** Active reading can help in understanding the main idea of a text by engaging with the text and summarizing key points.

- How can practicing reading comprehension help in improving overall reading skills?
  Answer: Practicing reading comprehension can help in improving overall reading skills by developing the ability to understand and interpret written text.
- 10. What are some strategies for identifying the main idea of a text?

**Answer:** Strategies for identifying the main idea of a text include looking for the topic sentence, identifying repeated ideas, analyzing the tone and structure of the text, and considering the context of the text.
