

32 Lecture - CS403

Important Mcqs

1. Which of the following is an example of an application program?

- a) Microsoft Windows operating system
- b) Google Chrome web browser
- c) Apache web server
- d) Python programming language

Answer: b) Google Chrome web browser

Which type of application program is used for creating and editing documents?

- a) Database management system
- b) Word processor
- c) Spreadsheet program
- d) Graphics software

Answer: b) Word processor

Which of the following is not an example of an application program?

- a) Microsoft Office Suite
- b) Adobe Photoshop
- c) Linux operating system
- d) QuickBooks accounting software

Answer: c) Linux operating system

Which type of application program is used for managing and organizing data?

- a) Word processor
- b) Database management system
- c) Web browser
- d) Media player

Answer: b) Database management system

Which type of application program is used for creating and delivering presentations?

- a) Graphics software
- b) Web browser
- c) Presentation software
- d) Video editing software

Answer: c) Presentation software

Which of the following is an example of open-source application software?

- a) Microsoft Office Suite
- b) Adobe Photoshop
- c) GIMP image editor
- d) Oracle Database

Answer: c) GIMP image editor

Which type of application program is used for performing complex mathematical

calculations and analysis?

- a) Word processor
- b) Database management system
- c) Spreadsheet program
- d) Graphics software

Answer: c) Spreadsheet program

Which of the following is an example of proprietary application software?

- a) Apache web server
- b) Linux operating system
- c) QuickBooks accounting software
- d) GIMP image editor

Answer: c) QuickBooks accounting software

Which type of application program is used for managing and organizing email?

- a) Web browser
- b) Media player
- c) Email client
- d) Presentation software

Answer: c) Email client

Which of the following is an example of an educational application program?

- a) Adobe Photoshop
- b) Microsoft Office Suite
- c) Moodle learning management system
- d) QuickBooks accounting software

Answer: c) Moodle learning management system
